New Product Announcement

Vignotte Triple Crème

Vignotte is a rich, triple cream French cheese produced in the Champagne-Ardenne region of Normandy with pasteurized cow's milk. Due to the extra cream added during production, Vignotte is exceptionally rich with nearly 75% milk fat. Nevertheless, this process gives the cheese a powdery white bloomy rind and an intensely creamy, light, rich, buttery texture. It has a slightly lemony taste making it perfect for grilling. Vignotte adds an extra burst of flavor to a bland cracker or biscuit. Accompany the cheese with a Sauvignon or Champagne!
