The Wensleydale Creamery continues the art of traditional cheese-making which dates back nearly a thousand years, using milk from over 40 local farms to handcraft their delicious range of cheeses. It is the milk from these farms, together with the Creamery's own starter cultures and the skill of its cheese-makers that give Yorkshire Wensleydale its unique, creamy, crumbly and full of flavor taste, that no other cheese-maker can match.

Manchego cheese is unlike any other. Although there are records of tries to make manchego cheese elsewhere, nobody has ever successfully imitated so many time-worn factors. Real Manchego has to be aged at least one month and has to only be made with milk from Manchegan sheep milk in the area of La Mancha, as established by the Regulating Council. First registered brand in the Regulating Council, having the IFS, BRC and ISO 22,000 Certifications

MANCHEGO

Manchego, the most worldly known Spanish cheese. It is the product of a harsh, extreme climate that favors the growth of very tough plants, the diet for an ancestral race of sheep. Having a unique aroma, it becomes sweeter the longer it is matured.
